Job-Title

About Us

Rulemapping Solutions, based in Berlin, stands for innovation at the intersection of law and technology. Our mission: to simplify, accelerate, and make complex bureaucratic processes transparent for everyone. With our unique Rulemapping method and Rule-Based AI, we develop solutions that relieve companies of bureaucratic burdens, make access to justice easier for individuals, and reimagine public administration. Supported by the Federal Agency for Disruptive Innovation SPRIND, we are shaping the standard for the digitalization and automation of rule-based decision-making processes.

Together with you, we want to drive this vision forward and revolutionize the world of rules and laws! Rulemapping Solutions GmbH is a subsidiary of the Rulemapping Group.

Your Tasks

- Act as Product Owner for our open-source solution, responsible for the product strategy and vision based on market analysis.
- Serve as a central interface between business, tech, and customers to ensure a user-focused and future-proof development.
- Own the product delivery process, including change and incident management.
- Manage the backlog: prioritize requirements, create clear user stories, and continuously refine the backlog.
- Collaborate closely with developers, design, user research, and QA teams in an agile environment to clarify technical requirements, accept deliverables, and ensure quality.
- Handle stakeholder management: coordinate with customers, internal teams, management, and the open-source community.
- Define success metrics: set KPIs, analyze user feedback, and derive actions for continuous improvement.
- Prioritize and resolve incidents to maintain high product quality and user satisfaction.

Your Profile

- Experience as a Product Owner or in a similar role, with a focus on SaaS or open-source products.
- Solid understanding of agile methodologies (Scrum, Kanban) and hands-on experience in backlog management and user story writing.
- Experience working with development teams, QA, and UX designers.
- Strong analytical skills to evaluate user feedback, market trends, and product metrics.
- Excellent communication skills and the ability to bridge technical and business requirements.
- Experience in stakeholder management, especially with public sector clients or open-source communities, is a plus.
- Fluent in German and English (C1 level or higher).

What We Offer

- A key role in the further development of our open-source product.
- Flexible working models and a modern company culture.
- Central office located in Berlin-Mitte.
- Innovative projects and career development opportunities.
- A dynamic team with plenty of room to contribute your own ideas.
- An attractive compensation package.

Are you ready to become part of an innovative team and help shape the future? Don't wait – apply now! Send your application documents to jobs@rulemapping.com.

We look forward to meeting you and achieving great things together!
